is trying to die?

Rangii...

Isn't this the cliche love story that humans like?

Sacrificing yourself for the one you love.

I...the fact that someone that loves me is trying to die,

I don"t like that at all.

That kind of boring story, I don't need it.

Are you kidding me?

Who would like that kind of story?

Is this not what humans call love?

She has to

laugh, play, screw around, run around, act cute,

pout, throw a tantrum, struggle, be sleepy, roll around,

And be next to me!

She's going to die in a dark place like that?

That kind of ending doesn't fit her.

But....

Rangii shouldn't die like that!

Id...iot.

What?

HA?

Narae is just as important to me as Rongii.

Could I take responsibility?

Could I endure the pain?

Could I forgive her?

What if she gets hurt again?

but what if she dies?

She was fine this time.

I heard it all.

What you're thinking is obvious.

Na... Narae?

Idiot, what are you thinking about?

But...

Rangii had no choice,

I'm sure you understand that.

You, if you don't want to be killed by me, go bring Rangii back.

Aren't I part of the bear clan?

It's too complicated, I can't decide what's the right choice.

I think Rangii is important, but you're just as important to me!

You were hurt!

It might not end up with just injuries next time!

I'm fine.

What you're thinking of won't happen.

That's why.

If you don't go, I'll kill you.

Also...

Your ears.

Rangii will disappear.

No.

You must be tired, I'll...

I have to go.

The one who called my name,

The one who I thought was speaking nonsense,

isn't in my grasp anymore? Does that make sense?

... is that what I should be thinking?

I'm a human with no special powers

I couldn't do anything about it.

She left for my sake.

All I could do was look at her back.

Forgetting.

In 10 years? 20 years? Or right before she dies?

"There was a cute tiger girl that loved me," that's what I would say.

could I live like that?

Yes, I'm that kind of person.

You.

My name is Saehee.

My stubbornness doesn't go one direction.

If I believe it, I could live like that.

I'm stubborn like my mother.

There's nothing I can't do if I say I'll do it.

About that.

You,

have a way or two to get me to Rangii, right?

It's you after all.

킥

The master who's trying to break that seal by force, won't have much of her conciousness.

If,

it won't be broken easily.

Are you planning that?

The master's seal is the handiwork of Hwangun and Ungnyeo,

you go near her while thinking that, as soon as the seal breaks

I swear my body and soul on that.

you will be eaten.

What did you just say? If it wasn't for the master's final orders, I would already killed you, filthy human.

And who said anyone wanted that?

The life that was spared by the master,

you should think of ways to live a long time instead

Do you have the brain of a gold fish?

I just said I didn't want to live on like this,

Just answer the question, you talk alot.

Why don't you try it? Break my shoulders. If you try a little more you might be able to do it.

Don't get too excited. You can't touch me anyway because if her orders.

Ho? Did your liver exit your body?*

TN: Some sort of saying

It's possible.

I'm in a position where I have to give you tools everytime you come crying at me.

Your heart is as small as your breasts.

I guess your head isn't just decoration after all, young master.

Why don't you just tell me if you can or can't send me there.

So, what are you planning?

I'll stop her.

Yes, me.

So don't laugh.

킥

You are?

Then how much do you know, young master?

How would you know that?

I decline.

And you didn't grab her back!

For what reason the master took your hand,

she looked at you , and followed you.

Just what do you know?

Once I send you,

you won't be able to make a peep in front of the master.

Shut up!
Shut up!

I lived a normal life, and all of a sudden you tell me about phantoms, seals, protectors, promises, husband, fate, you think I could understand that?

In a mere 4 days you broke the common sense I developed over 17 years, and you're telling me to think harder?

That's impossible for me!

I was barely able to comprehend it, and acted like a retard in that short time!

HOW SHOULD I KNOW?

The fact that she won't be able to laugh, be glad, or cry, throw a tantrum, be annoying, and clingy,

isn't something I was able to think about before!

After she disappears,

only after I lost her was I able to unde-stand!

That's why I'm going!

Just shut up and take me there!

Damn it, I said I wanted to meet her, why do you have so much things to say?

It hurts here, it feels like it's ripping apart!

I'LL SPANK HER AND BRING HER BACK IF I HAVE TO!
